

# Oslo Adult Education (Oslo VO)

## Norwegian Language courses Autumn 2020

From 03.07.2020

### **Please note that this is a preliminary overview.**

Courses held at the schools can be turned into a combination of classroom and home schooling, or just home schooling, depending on which rules for infection control the schools must follow due to the corona virus.

Admission routines may also change.

Please see <https://felles.oslovo.no> for possible changes in provisions and routines.

### **Norwegian Language and Society courses for adult immigrants in Oslo VO**

Oslo Adult Education (Oslo VO) provides Norwegian Language courses for immigrants who are entitled to free Norwegian language courses as well as for those who have to pay for the courses. This brochure contains an overview of the schools and of the Norwegian Language courses in Oslo Adult Education and admission procedures. You can find more detailed information in our schools' own brochures, web pages and in our separate price list.

### **Application/registration**

Application/registration is at or via Oslo Adult Education Service Centre (Oslo VO Servisenter), Karoline Kristiansens vei 8, at Fyrstikkorget, Helsefyrr.

You need to book an appointment for a registration/admission interview in advance. Fill in the form you can find at <https://felles.oslovo.no>, front page. (Use Chrome!)

The Oslo VO Service Centre will confirm the appointment in a sms, and then call you and decide whether the interview will take place by phone, internet or at the Service Centre.

Please note that most applicants are given appointments to sit for a Norwegian language placement test at the Service Centre. This will be carried out in accordance with the rules for infection control.

### **Norwegian Language courses, autumn 2020**

Oslo Adult Education offers Norwegian language courses on three tracks and different levels (Track 1: participants with little or no education. 2: With medium schooling. 3: Well educated).

The course periods are fixed throughout the year. Please note that the earlier you apply, the better chance to get a start date according to your wishes.

Please note that some courses primarily are for participants in the Introduction program. You can find more details in the schools' brochures.

### Adequate course placement

Your Norwegian language skills, background and plans for your future will decide your course level and learning track (1-2-3). Based on this, you may state your preferences for which school you want to attend, daytime or evening courses, the number of hours per week and the date you wish to start. Your request must match the course level. The Admission Officer will give you more information about this.

### What happens when you have applied?

Based on the admission interview, placement test and your preferences, Oslo Adult Education will find the course that best suits your needs and level. You will receive an admission letter from one of the schools in Oslo Adult Education a few weeks before the course starts. You will also receive a time schedule and/or other information.

### The applicant's responsibility

You must contact the school you have applied to if you need to make any changes in your application. If you change your address, phone number or email address, you must inform the school.

If you reject an offer, you must notify the school if you wish to be on a waiting list for a new offer. If you are absent the first day of the course, you will lose your place on the course. If you have a valid reason for your absence, you must notify the school asap, and you must document the reason for your absence.

If you have attended a Norwegian course in Oslo Adult Education less than a year ago, you can contact the school directly in order to enrol again.

### For those who pay for Norwegian language courses

See separate leaflet for information about course periods, tracks and prices.

The price per course period depends on which track you are and how many hours you have chosen per week, the number of weeks per period and if it is daytime or evening classes.
